Welcome to Shire Health & Wellbeing

As experienced health insurance specialists, we are dedicated to finding you the best health insurance and employee benefits. The right cover will benefit your business and your most important asset – the people in it.

If you're looking to give that little bit extra to your staff, there's a lot of choice. Our team of independent health insurance brokers will do the hard work for you, and find solutions tailored to your business and your budget.

We promise to give you clear, honest advice that's jargon-free and covers the whole of the insurance market place.

Working as a broker between insurers and clients, Shire Health & Wellbeing is focused on providing you with the best policies, premiums and service.

What We can Offer your Business

We offer a range of services to help you find the best cover to suit your business and your workforce. We can find you the best healthcare insurer, wellbeing package and employee perks.

Health Insurance

We make finding, comparing and buying health insurance simple. Our team of specialist brokers take care of everything. We remove the jargon and focus on helping you select the best policy. Choose from Private Medical Insurance, Cash Plan, Group Income Protection, Key Person cover, and more.

Wellbeing

Your employees need to stay mentally healthy as well as physically. A happy workforce is more likely to deliver quality results, which is where employee wellbeing packages can help. From fast GP access to

counselling support through Employee Assistance Programmes, there's something to suit your business, employees and budget.

Employee Perks

One way to make your staff feel more valued is with an Employee Perks package. Employees take control of their mental, physical and financial wellbeing, as well as access discounts on day-to-day spending. Because those little extras can make a big difference.

**If you're looking for
business success, focus
on your employees.**

Why do you need it?

The better you look after your team, the more your business will succeed. A tailored employee benefits package means **happy, loyal, more motivated staff.**

Did you know?

- 1.4 million employees suffer from a work-related illness
- 79% of employees regularly experience work-related stress
- 30% of UK adults can't afford dental care

By giving your employees the benefits they deserve, you make them feel more valued. The right package means they can access medical, emotional and financial support when they need it most.

When employees' physical and mental health is taken care of, poor health can have significantly less of a detrimental impact on productivity. Employees are healthier, happier and sharper, leading to better productivity.

In return, your business will see greater employee engagement, reduced absenteeism and presenteeism, and importantly, increased talent retention.

Key benefits for your business

Give your employees the health and wellbeing package they deserve and your business will benefit too.
